PROGRAMMING

Leadership Training Program, Workshops, Master's Program

The CIAAA is focused on bringing professional development opportunities to Athletic Directors in as many ways as possible. The key message is: the CIAAA will never say no to scheduling a course or workshop in your area or online.

Leadership Training Program (LTP)

Our LTP has something for everyone. We support new Athletic Directors as well as experienced ones. The LTP is a content-heavy professional development program designed specifically by and for Athletic Directors. By taking these courses you will gain knowledge that will enhance the daily and overall operations of your athletic department and improve your delivery of athletic programs.

We currently have 20 LTP Courses and more are constantly being added. These courses can be taken in-person or online via webinar format. A few examples of our courses are:

- 502C: Athletic Administration in Canadian Schools
- 504C: Legal Issues I: The Basics of Negligence, Liability, and Risk Management
- 535C: Effective Communication Strategies for Athletic Directors *NEW*
- 703C: Educational Athletics - Performance Beyond the X's and O's
- 722C: Building a Positive School Culture through Sport

Our full LTP course list and descriptions can be found [here!](#)

Workshops

Our workshops complement our LTP course curriculum by covering current and relevant topics in 60 minutes! Workshops are always offered free of charge to CIAAA members. A few examples of our workshops are:

- Developing Tough-Minded, Confident, and Fearless Student-Athletes
- Fresh Ideas for Recognition and Awards
- Mentoring your Coaches for their Personal Growth
- Motivating your Athletes
- Games Approach to Learning in Sport

Our full list of our workshops can be found [here!](#)

Master's Degree in Athletic Administration

The CIAAA has partnered with Grace College, who offers a fully online, project-based MSc in Athletic Administration incorporating courses from the CIAAA (and NIAAA) Leadership Training Program.

The most exciting part of this degree is that all projects are of the students choosing and students can design their projects to be completely relevant to their own athletic administration at their school or within their athletic community.

Masters Information

CERTIFICATION
