Get in front of the major decision-makers for High School Athletics

The Canadian Interscholastic Athletic Administrators Association (CIAAA) invites you to attend a highly regarded conference providing outstanding professional development and networking opportunities for athletic administrators in Canada.

This first-class conference features relevant workshop sessions, our renowned Leadership Training Program Courses, as well as professional speakers, social events, and a Vendor Exhibition that pairs retailers and service providers along with their target audience - the Athletic Directors who are the key decision-makers at the school level.

The vendor trade show and session sponsorship opportunities provide you the chance to exhibit your product line or service directly to those who make athletic purchasing decisions in high schools across Canada. We have allotted an exclusive time-slot for the vendor trade show (no sessions during that time) to give all delegates the chance to attend. Our vendor passport program is highly successful in encouraging attendees to visit each and every vendor booth.
